TERRIFIC STORM SWEEPS NORTHERN MINNESOTA

TWO DEAD AND SCORES INJURED IS STORM'S TOLL

FOUR COACHES OF A NORTHERN PACIFIC TRAIN WERE BLOWN FROM TRACK NEAR FOXHOME

AT LEAST 100 WERE INJURED—PROPERTY DAMAGE GREAT THROUGH NORTHWEST.

ERN PART OF STATE

(By United Press)

St. Paul, June 9—Two deaths and scores of injuries were reported today from a storm area that practically covered western Minnesota last night.

The storm developed in North Dakota and swept across Minnesota to the southeast, wrecking homes, tearing out communication and delaying what few trains were able to plow through uncertain roadbeds.

Meagre reports said the town of Foxhome, near Fergus Falls, was wiped off the map.

William Hokimer, eleven, was killed near Fergus Falls when the wind crushed a barn in which he had taken refuge. His father Robert Hokimer was seriously injured.

William Roeder farmer near Gardner, N. D. was fatally injured when his house was picked up by the wind and dropped in a field. He was crushed beneath the flooring and died a few hours later.

At least one hundred persons were injured when four coaches of a Northern Pacific passenger train 156, were blown from the tracks two miles west of Foxhome. Fifteen of the injured were rushed to hospitals at Wahpeton and seven were reported in a critical condition. The coaches overturned in a ditch and caught fire. Passengers less seriously injured worked frantically to remove the maimed from the blazing ruins.

The caboose of a Great Northern train was blown off near West Union and eight cars unroofed. Two brakemen were injured.

Many houses were wrecked at West Union. A schoolhouse was unroofed and the depot damaged.

Some damage was reported at Osakis, Sank Centre and Alexandria.

Evansville, Elbow Lake, and Battle Lake were in the path of the most severe storm.

The greatest damage was reported between Fergus Falls and Wahpeton, North Dakota. Breckinridge, just across the line from Wahpeton, was reported to have suffered from the high wind and unusual heavy fall of hail.

At St. Cloud the tents of a street carnival were blown away.

The storm was most severe near Fergus Falls and also followed the same path of the tornado that a year ago snuffed out fifty-one lives at Fergus Falls alone.

It was the second storm within three weeks to play havoc in Minnesota. Five were killed recently in a series of tornados that swept ten counties of southern Minnesota, and the loss was estimated at nearly half a million.

Foxhome Badly Damaged

Fergus Falls, June 9—The storm damage in this locality was confined largely to destruction of barns. Richard Hoelmer and son William Hoelmer, a boy ten years old, were milking in their barn near French station seven miles west of here when the cement wall broke and fell on them. The boy was killed instantly and the father died this afternoon. At Foxhome, fifteen miles west, the Methodist church, a store building and pool hall were destroyed. Many farm buildings were demolished. Injured persons are being brought in from the country. The village is completely cut off but it is known fifteen injured were taken there last night.

Death Toll Increases

St. Paul, June 9—The death toll of last night's storm of northwestern Minnesota and eastern North Dakota was increasing today.

Mrs. G. W. Wilke, of Grey Eagle, was fatally injured, and died when

her cottage at Birch Lake collapsed in the storm. She was the mother of Will Wilke, who was this year elected president of the National Editorial Association.

A boy was also fatally injured at Grey Eagle. Two of those injured in the tornado-wrecked train near Fergus Falls were expected to die.

Reports filtering in indicated the storm was terrific throughout the northern section of North Dakota. All towns upstate were cut off from communication. A woman named Thompson was reported killed at Sanborn, near Valley City. Scores of farm buildings and many city buildings were destroyed, train travelers said.

Lake Cottages at Birch Lake Destroyed

Grey Eagle, Minn., June 9—Half of the cottages on Birch Lake, on the edge of Grey Eagle, were destroyed by the tornado which last night swept western Minnesota.

Mrs. John Wetzel, wife of the president of the American National Bank of Little Falls, was blown out of her cottage and under the porch. Mrs. C. W. Wilke, mother of Will Wilke, banker at Grey Eagle, and publisher of the Grey Eagle Gazette, who recently was elected president of the Editorial association, was injured and died shortly afterward. A little boy was injured and is not expected to live.

ENLARGE EXECUTIVE COMMITTEE—SEVEN WOMEN APPOINTED

RAYMOND CLAPPER, (United Press Staff Correspondent)

Coliseum, Chicago, June 9—Women were to be given the party livery today by the republican convention.

The rules committee agreed to recommend that the executive committee—the one which directs the presidential campaign—be enlarged from ten to fifteen members with women to be given seven places upon it. It was to ask that the women have two offices also. Mrs. Medill McCormick of Illinois was slated for the vice chairmanship.

WHEN THEY DROVE THE HUNS

No American Who Took Part in the Capture of Berzy Will Ever Forget the Thrill.

The fall of the plateau south of Soissons and the thrust across the Chateau-Thierry road sealed the fate of the great Marne salient. The lads of the Twenty-eighth Infantry, First division, made this success possible by their grim tenacity in driving the Germans out of Berzy after being repeatedly repulsed in their brave efforts to take the place.

But, despite every effort, the grim walls of Berzy still loomed ahead beyond the shell-pocked strip of upland as the summer twilight faded from the sky. Through the night its guns, like those of a beleaguered fortress, continued to flame. In it stood at bay the last German garrison of that "plateau south of Soissons," with the whole western front of the Marne salient pinned upon it, which had so long been a black menace over Paris.

Now and then there is a man who conceals a timid heart behind a long, drooping mustache and the general appearance of a western sheriff of the days of Jesse James, but Gen. Benjamin B. Buck is not one of them. As the second hand of his watch marked, 30 minutes past 8 and the barrage fell, General Buck stretched his long legs out in front of the first wave, advised his men in no mincing words to follow him and get the job—boches this time, and led off the streaming rush across the open.

They followed—who would not with such a leader? On and on they went toward the hot muzzles that flamed through the cracks of split walls and behind fallen masses of masonry, on past those muzzles, yelling, cursing, striking down with swinging blows the desperately resisting Germans behind; on by the massive quadrangle of buildings in the western edge of the village, past the ravished church and down the crooked main street until they pulled up where the road pitched down into the Crise valley and against the last eastern walls of the hamlet on which pattered bullets from the German nests clear beyond the valley.

—Joseph Mills Hanson in the Home Sector.

GOMPERS PRESENTS A. F. OF L. DEMANDS PARTY PLATFORM

WANT RIGHT TO STRIKE AND OPPOSE WRIT OF INJUNCTION, PROHIBITORY AND MANDATORY

L. C. MARTIN, (United Press Staff Correspondent)

Chicago, June 9—Samuel Gompers, president of the A. F. of L. today presented to the resolutions committee of the republican national convention demands of organized labor.

Indicating that any curtailment of the right of workers to organize or strike would be an invasion of fundamental liberties, Gompers urged adoption of the following planks:

"We pledge our party to maintain federal law enacted by congress to secure to the workers, the legal right of voluntary associations for mutual protective welfare; against writs of injunction either prohibitory or mandatory and guarantee of rights of trial by a justice in alleged contempt cases committed outside the presence of court.

Legislation which proposes to make strikes unlawful or to counsel the wage earner to submit their grievances or aspiration to court or to governmental agents is an invasion of the rights of the wage earner and when effected makes industrial serfdom or slavery.

"We hold that the government should not attempt by force of its own power to stifle or destroy voluntary relations and policies of mutuality between employee and employer.

The rules committee agreed to recommend that the executive committee—the one which directs the presidential campaign—be enlarged from ten to fifteen members with women to be given seven places upon it. It was to ask that the women have two offices also. Mrs. Medill McCormick of Illinois was slated for the vice chairmanship.

FIRE DESTROYS PINE CITY FLOUR MILL

(United Press)

Pine City, Minn., June 9—Fire early today destroyed the Pine City flour mill owned by R. P. Allen, and damaged a big lumber yard and warehouse nearby. The Northern Pacific station was also damaged.

The fire started in the flour mill and spectators believe it was due to lightning which accompanied a heavy wind and rain storm. The damage was estimated at \$75,000.

CENSUS FIGURES

(United Press)

Washington, June 9—The census bureau today announced the following 1920 populations:

Saginaw, Mich., 61,962, an increase of 11,392 or 22.6 per cent.

Forest county, Wis., 9,850, an increase of 3,068, or 45.2 per cent.

St. Croix county, Wis., 26,106, an increase of 196 or 8 of one per cent.

Member of Sweep Up the Glass Club Keeping Pledge to Remove Tire Menace

Everybody except the tire people think the Sweep Up the Glass Club, organized recently by automobileists in Los Angeles, Cal., is a bully idea. Members stop their cars when glass is sighted in the road and in a few moments remove the slivers which so frequently turn the pleasures of motoring into nightmares. The above photograph was taken while one of the members was keeping her pledge.

SECOND DAY OF REPUBLICAN NATIONAL CONVENTION

TERRIFIC DRIVE IS LAUNCHED TO NOMINATE WOOD

STRATEGY OF DRIVE IS DIRECTED BY FRANK HITCHCOCK, WOOD'S MANAGER

SEN. LODGE IS ELECTED PERMANENT CHAIRMAN AND SEN. WATSON CHAIRMAN RESOLUTIONS COMMITTEE

(By United Press)

Chicago, June 9—A terrific "drive" to make Major General Leonard Wood the presidential nominee of the republican party was launched here today.

The Wood forces started a simultaneous offensive from several angles. Their strategy was directed by Frank H. Hitchcock.

The sudden collapse of the opposition to Senator James E. Watson of Indiana, for the chairmanship of the resolutions committee late yesterday, and also simultaneous selection of Senator Lodge of Massachusetts temporary chairman of the convention, as permanent chairman, were among early indications to those initiated in political mysteries, that something was going on. Delay today resulted in investigators finding indications that Hitchcock had had a hand in bringing about a settlement of the two spirited contests.

Convention Adjourns to Await Resolutions Committee Report

HAROLD JACOBS, United Press Staff Correspondent

The credentials committee of the republican national convention completed its work of making up the permanent roll of that body at five o'clock this morning after being in session for thirteen hours.

The committee reviewed the 137 contested cases heard by the national committee last week, and reversed that body's findings in only three cases. The national committee's action in seating two Missouri delegates was reversed, bringing the vote of the convention back to 984 with 493 necessary to nominate. Two Georgia cases were also reversed.

HUGH BALLIE, United Press Staff Correspondent

Chicago, June 9—Senator Henry Cabot Lodge of Massachusetts, today was elected permanent chairman of the republican national convention by acclamation.

This was done through adoption of the report of the committee on permanent organization, which went through together with reports of the committee on rules and credentials. This leaves only the report of the resolutions committee which is drafting the platform yet to be laid before the convention.

The session started at 11:20 a. m. Rev. Timothy Stone of Chicago gave the invocation.

After the report of the third committee had been adopted there being no further business before the convention, a cry arose for Chauncy M. Depew of New York to make a speech.

He was introduced by Chairman Lodge, who said:

"Although a young man he needs no introduction to a republican convention."

Depew evidently misunderstood Lodge and thought he referred to him as an old man.

"When Senator Lodge says I am an old man he is mistaken," Depew began. "He described me like some westerner who when told my age said I was either a miracle or a damn liar."

Depew contrasted the present convention with the one which nominated Abraham Lincoln for the second term, saying that the present session represents the whole country, whereas the

second Lincoln convention represented only half of the country.

He contrasted the debts of the civil war and the last war, emphasizing that the civil war debts were wiped out and prosperity restored under a republican administration, and a republican administration is necessary now to bring down prices.

Depew frequently was interrupted by applause. He told of Washington during Lincoln's day and the Washington of today. Everyone of Lincoln's cabinet members was a statesman of national or international repute, he said, "yet not one of them had a man that ran on the track of his president." "But Mr. Lincoln worked along with them for the good of the country," he said.

Depew reviewed the international situation in which the United States has been involved, saying that the President never had to go abroad himself to settle such matters but sent the greatest statesmen or the best lawyer in the country.

"But Mr. Wilson said nobody could handle this matter but himself. So he went abroad himself and brought back with him the league of nations."

A new rule was announced providing that no delegate may talk longer than five minutes or more than once on any one subject.

One other change was made in the rules which was to make unfinished business the last order of business to clean up any details that may be pending after nomination. It opens the way for action on the platform in case the resolutions committee should indicate a deadlock.

Convention Adjourns to Await Resolutions Committee Report

After unanimously adopting the reports of three of the four committees and quickly concluding all other routine business, the second day of the republican national convention was turned into a G. O. P. revival today.

The convention went into session at 11:20 a. m. and delegates and visitors packed the great convention hall to the roof, sweltering in the sticky heat for fifty-seven minutes until 12:17 p. m. when adjournment was taken.

Tomorrow's session will convene at 11 a. m. at which time the delegates are expected to hear the reports of the resolutions committee which is framing the platform. The report of the committee on permanent organization, credential and rules went through smoothly and there was nothing for the convention to do but wait for the resolutions committee, which was meeting in the Congress hotel fitting the platform into shape.

When it was realized there was no further business before the convention the great meeting suddenly broke loose and lost their apathy which marked the first session. There were yells for Chauncy M. Depew of New York to start the "revival" meeting. In a characteristic speech he told humorous stories, denounced and ridiculed the democratic administration. Depew was the wizard of the situation.

When he finished delegates were on their feet and the expanse of the convention was echoing with a din of applause.

Depew was followed by Mrs. Margaret McCarter of Kansas, the first woman to speak from the rostrum in a republican national convention. She appeared, she said, as a representative of twenty million women, nineteen million of whom would vote for the republican ticket.

Mrs. McCarter spoke easily and with perfect self possession. There was no indication of stage fright as she stood beside Chairman Lodge and faced the vast audience.

The throng raised an insistent call for "Uncle Joe" Cannon, who however was not present.

After Mrs. McCarter spoke the enthusiasm increased with singing of the Battle Hymn of the Republic with several variations and a yip at the end of each hallelujah. The cries for Cannon increased in volume and Sen. Lodge furiously gavelled for order until he splintered the table on which he was hammering. At last he got

JOHNSON FORCES RELY ON SUPPORT OF OFFICE SEEKERS

AND THEIR DELEGATE FRIENDS CONTENDING BECAUSE OF HIS POPULARITY HE COULD WIN IN NOVEMBER

(By United Press)

Chicago, June 9—Senator Hiram Johnson's inner camp is placing much hope of victory on the quiet but powerful activities of the many prospective officeholders and politicians among delegates, and folks at home, who will be secured through the object of nominating a winning republican candidate, it was learned today.

The Johnson supporters have pointed out that it is the general opinion among delegates that Johnson, if nominated, could be elected. Prospective officeholders today declared there are indications that there is a chance of losing out through some candidate who might not have Johnson's opportunity to win.

quietness and recognized Representative Wadsworth of New York, a member of that delegation, who made a motion to adjourn. There was a lot of confusion in the midst of which Lodge put the question and in response to the blast of ayes declared the session adjourned.

LOWDEN SUPPORTERS CLAIM BIG GAINS

HERBERT WALKER, United Press Staff Correspondent

Chicago, June 9—The Lowden stock was enjoying a decided boom in convention lobbies as the first ballot of the convention drew near. Claims were made by Lowden supporters that his candidacy has made big gains in the east during the last twenty-four hours.

Cost of Marriage in Austria.

The high cost of marriage is causing general discontent in Austria, according to a Vienna newspaper received in New York. The cost of marriage now is 240,000 crowns for the bride alone. This is equivalent to about \$6,000, counting the crown as worth 2½ cents. This amount would buy 32,000 crowns worth of dresses, linen 44,000 crowns and furniture 161,000 crowns. In Austria it is customary for the bride to furnish the house as well as provide her trousseau.

London Road to Last a Century.

A system of road-marking, which is described as likely to last 100 years, has been adopted by Marylebone borough council in repaving a portion of Oxford street, London. The old foundations have been cleared and concrete to a depth of about eighteen inches is being put down. On this wooden blocks with one coating of creosote and two of tar are being fitted.

Savvy Antelope.

Roy Chapman Andrews, a Mongolian explorer and traveler, is bringing to this country a specimen of an antelope which he says can easily cover sixty miles an hour.

Private Park.

If the rear yard is properly planted with a border of evergreen shrubs and perennial flowers, has a velvety green lawn and a few shade or fruit trees, it will give the family a quiet, peaceful little private park, in which all can enjoy the moonlight during the hot summer evenings without making a long, tiresome trip to the parks. This is the height of pleasure afforded by a well-planned home yard.

Cut this Out—It is Worth Money DON'T MISS THIS. Cut out this slip enclose with 5¢ to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Kidney and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn.

Mrs. Carroll L. Wainright

The young couple's objection to an ostentatious and probably delayed wedding is given by their friends as the reason for the elopement of Miss Edith C. Gould, third of George J. Gould's children to marry without having their parents present, and Carroll L. Wainright, a descendant of Peter Stuyvesant. The bride, who is eighteen, was to have made her formal bow to society in New York next winter. The bridegroom, who is twenty-one and an art student, had spent a great deal of time with the girl, who will share the Gould millions, for the past year, but their engagement had not been intimated to any one. It was said they feared their families would ask them to postpone the wedding for a year or two, so they got in an automobile in New York and went to Elkhorn, Md., where the ceremony was performed. Then they informed their families by telegraph.

Little Money Saver
Says:

Beware of a "cheap" refrigerator. Only a few season's savings on your ice bill will pay the little more the best cost, and a "real" refrigerator will last a lifetime. We sell no "cheap" ones, but we do sell the very best that we can buy upon a very honest margin of profit.

FIRST NATIONAL BANK
BRAINERD
"SAFETY AND SERVICE"

STYLES FOR KIDDIE CLOTHES

Great Leeway Admitted in Fashions for Younger Set Same as for Grownups.

The time is certainly past when children's clothes can be purchased ready to wear for a mere song. Making them at home is a great saving this season, especially if the stores are carelessly "shopped" for bargains in materials. Fortunately no one style dominates the style field for children (or the matter of that, great leeway is admitted in fashions for grownups as well) and variety is really the important point to achieve.

Cotton poplin is in high favor for sturdy service dresses for little girls and for suits for small boys. Cotton crepe is another fabric that is a favorite when clothes for everyday wear are under consideration. The small girl will be becomingly outfitted in voile, organdy, swiss and similar transparent fabrics when really warm weather arrives—that is, for somewhat dressy occasions—but the sturdy percales, poplins, chambrays and cotton crepes will be selected for play hours.

Vivid, rather dark, or at least medium shades are in great favor for service clothes for members of the younger set. Jade green is liked and is very smart when becoming. Marigold yellow and a medium blue are much used.

DAILY DISPATCH ADS PAY

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

BANKS TO AID IN PAVING CRISIS

Some Method to be Adopted to Finance the Paving Project of Brainerd

PUBLIC SPIRIT IS DISPLAYED

Bonds and Certificates of Indebtedness are Exempt from Taxation

The bankers of the city and the finance committee of the city council conferred Tuesday afternoon relative to the possibility of disposing of the bonds for the repaving of Oak, Kingwood, and Kindred streets. Unless some plan is adopted to dispose of these locally these street improvements must go over this year.

The banks are showing a splendid public spirit in the matter and are lending every assistance even to a financial loss in order that the improvements may be made.

Two of the banks ordinarily do but very little with bonds and under the present money stringency their patrons are clamoring for more money for commercial and farm purposes than they have and they are compelled to borrow to meet the demands of their patrons.

These bonds and certificates of indebtedness are such investments as appeal to those wanting a good safe sound investment. They are exempt from taxation.

At the meeting Tuesday the banks agreed to take the subscriptions of any who might want to buy portions of these bonds. There are many in the city investing in such securities and if those who would insure the paving by investing in some of them will consult the banks the situation may be solved and the work go on. If not the only alternative would be for a charter amendment to raise the interest rate.

The contractors want to know if they are to proceed and quick action is necessary.

Evangelical Aid

The Ladies Aid of the Evangelical church, 4th and Forsyth streets, will be entertained in the church parlor Thursday afternoon at 2:30 o'clock by Mrs. Wilbur Smith, Mrs. R. E. Warrick and Mrs. V. Warrick. Friends are welcome.

Busy Bee Society

The Busy Bee Society of the Swedish Lutheran church will meet on Thursday afternoon at 2 o'clock in the church parlor and will be entertained by Mrs. C. F. Anderson.

NOTICE OF SALE

Public notice is hereby given that sealed bids for the purchase of Thirty-three Thousand Four Hundred Dollars (\$33,400.00) Permanent Improvement Revolving Fund Bonds of said City of Brainerd, Crow Wing County, State of Minnesota, will be received and considered by the City Council of said city on the twenty-fourth (24) day of June, 1920, at eight o'clock p. m. at the Council Chambers in said City of Brainerd; and Fifty-four Thousand Dollars (\$54,000.00) Re-Paving Certificates of Indebtedness of the said City will be received and considered by the City Council of the said City on the twenty-fourth (24) day of June, 1920, at eight o'clock p. m. at the above mentioned place; and that said bonds are to be issued for the purpose of maintaining a Permanent Improvement Revolving Fund, and that said Re-Paving Certificates of Indebtedness are to be issued for the purpose of maintaining a Permanent Improvement Fund; said bonds are to be dated July 1st, 1920, and to be in the following denominations: Thirty-three, One Thousand Dollar (\$1,000.00) bonds; and One Four Hundred Dollar (\$400.00) bond, bearing interest at the rate of five (5) per cent per annum, payable semi-annually, and to mature and be payable July first (1st), 1920, and said Re-paving Certificates of Indebtedness are to be dated July first (1st), 1920, and be in the following denominations: Fifty-two, One Thousand Dollar (\$1,000.00) Certificates; and Eight, Two Hundred Fifty Dollar (\$250.00) Certificates, and bear interest at the rate of six (6) per cent per annum, payable semi-annually, and to mature and be payable as follows: Six Thousand Two Hundred Fifty Dollars (\$6,250.00) payable on the first (1st) day of December, 1921, and Six Thousand Two Hundred Fifty Dollars (\$6,250.00) on the first (1st) day of December of each and every year thereafter up to and including the first (1st) day of December, 1928. Four Thousand Dollars (\$4,000.00) payable on the first (1st) day of December, 1929, both principal and interest of said bonds and certificates to be payable at The First National Bank of Brainerd in the City of Brainerd, Minnesota.

All tenders to purchase must be without condition or qualification, and be accompanied by an unconditional certified check in the amount of five (5) per cent of the amount of the bid therefore, the City Council reserving the right to reject any and all bids therefore.

Bids should be addressed to the undersigned.

This notice is given by authority of a resolution adopted by the City Council of the said City.

Dated at Brainerd, Minnesota, this ninth (9) day of June, 1920.

(Signed) SEVERN SWANSON,
City Clerk

AT CONVENTION

J. A. Wilson Was a Delegate to the G. A. R. State Encampment Held in Minneapolis

J. A. Wilson has returned from Minneapolis where he was a delegate to the G. A. R. state encampment which was held the latter part of last week. The encampment was the smallest in the history of the G. A. R., only 185 delegates being present, 200 of the comrades passing to the great beyond the past year.

Mr. Wilson said he visited the soldiers home where he had a chat with comrades T. E. Smith and Welsh, both old Brainerd friends. They are in the hospital, but not confined to their rooms.

They spoke highly of their stay in the hospital. Tommy said there was good chow, beds and rooms and plenty of food well cooked and served.

"I personally looked over the hospital and found everything clean and inviting," said Mr. Wilson. Dr. Clark is in charge of the institution and was most courteous in receiving visitors.

Influence of Art

Jud Tunkins says the movie pictures have shown so many different phases of life that he can't get a man to hoe corn who doesn't put on airs like an actor.

AUTOMOBILE EDITOR

P. J. Barry of Duluth News Tribune Visited Brainerd, Preparing for Duluth Tour

Traveling in a roadster whose body was painted yellow, hood green and wheels red, P. J. Barry, automobile editor of the Duluth News Tribune, arrived in town from the Zenith City.

The Duluth News Tribune is running a road bulletin service in map form which is of interest to every driver. New routes for week end trips are taken up and elaborated upon. Duluth motorists are planning a big tour from Duluth to Bemidji, thence southward through Itasca park to Wadena and thence east through Verndale, Staples, Brainerd, Aitkin via the Black Diamond Trail.

Norwegian-Danish Lutheran Aid
The Ladies Aid of the Norwegian-Danish Lutheran church will meet tomorrow afternoon in the church parlor, and will be entertained by Mrs. Iver Holden. Everyone welcome.

Never Saw Anything Better

Mrs. A. B. Griffith, Box 154, Andrews, Ind., writes: "Last winter my family all had the 'flu.' I tried Foley's Honey and Tar and never saw anything better. From now I will be without Foley's Honey and Tar in the house." H. P. Dunn.

"Chauvinism."

"Chauvinism" derives its name from Nicolas Chauvin, a soldier in the army of Napoleon, who was ridiculed by his comrades for his demonstrative and unreasoning patriotism. The term has come to be applied to anyone exhibiting unreasoning patriotism, or an excessive enthusiasm for national ascendancy.

THE WEARY WAY

Daily Becoming Less Wearisome to Many in Brainerd

With a back that aches all day, With rest disturbed at night, Annoying urinary disorders, 'Tis a weary way, indeed.

Doan's Kidney Pills are especially for kidney trouble.

Are endorsed by Brainerd citizens.

Mrs. J. C. Hadersbeck, 708 S. St., S., Brainerd, says: "I was suffering from kidney trouble and my back was in a painful condition. For a week at a time I could hardly get about to do my work; everything seemed to drag to me. My head also ached. I knew my kidneys were disordered so I began using Doan's Kidney Pills. I soon got relief and felt better in every way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hadersbeck had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswick's cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswick's.

Then good tires will have a new meaning to you.

What You Will Be Tomorrow Depends Upon What You Do For Your Health Today—

You Must Keep Your Blood Filled
With Iron To Stand The Strain of
Modern Day Life Says
Physician—Explains How

Talk It Over
With Yourself

Nuxated Iron Helps Build Red Blood

Strength and Endurance

Have you ever stopped to look yourself squarely in the face? Are you getting anywhere? — or just drifting—a little weaker, a little more nervous, a little more run-down every day? Nothing slips away so easily as HEALTH! Unless you hold fast to HEALTH by your own efforts—by keeping your blood pure, red and rich in iron—the day may come when all you can do is WISH you had acted sooner. Physicians explain below how to help make rich, red blood and increase strength, power and endurance, through the health-giving, strength-building power of organic iron—Nuxated Iron—which is now being used by over three million people annually.

According to the blood, says Dr. James Francis Sullivan, formerly physician to the Board of Education and Clinical Physician on the Board of Health of the City of New York, "There are men whom life can never keep down, forego statement, says, 'Every keen, strong, energetic man and woman should take Nuxated Iron for in my experience, the men and women who take Nuxated Iron are the best and red blood builders known to medical science."

Dr. James Francis Sullivan, formerly physician to the Board of Education and Clinical Physician on the Board of Health of the City of New York, "There are men whom life can never keep down, forego statement, says, 'Every keen, strong, energetic man and woman should take Nuxated Iron for in my experience, the men and women who take Nuxated Iron are the best and red blood builders known to medical science.'

MAUFACTURERS NOTE: Nuxated iron which is recommended above is not a secret remedy but is well known to doctors and dentists.

Under the name of Nuxated Iron it is easily assimilated and does not injure the teeth, make the mouth dry, or cause any other trouble.

It is a strong, healthy, nutritious food.

It is a good, safe, reliable product.

The manufacturer guarantees successful and entire satisfaction.

For purchase of their product, they will refund their money.

It is dispensed by all good druggists in tablet form only.

NUXATED IRON

FOR RED BLOOD, STRENGTH AND ENDURANCE

"I had weak bladder and kidneys and liver," writes Willie Carter, Luton, Pa. "I could not sleep well and my back pained me awful. I had a dizzy feeling in the morning. Since taking Foley Kidney Pills I have been relieved of all such ailments." been relieved of all such ailments. H. P. Dunn. mwf

Or, at Least, Try to.

If you wish for success in life make perseverance your bosom friend; experience your wise counselor; caution your elder brother, and hope your guardian angel.—Exchange.

Peculiar Disease.

Arithmomaniac—the medical name for another disease—is full of interest. In this the patient has the irresistible impulse to count a certain number of times before doing anything. One case recorded is of a girl who had to tap on the edge of the bed nine times before getting into it; a hundred times before brushing her teeth; to knock three times on a window by the side of the door, and a similar number of times on the door itself before she would unlock it.

RESOLUTION

Whereas the City Council has duly ordered the construction of the paving of the following streets within the City of Brainerd: Oak Street between the East line of Sixth Street South and the West line of 19th Street Southeast; the North two-thirds (2-3) of Kindred Street from the West line of Gillis Avenue to the East line of Third Avenue; and Kingwood Street from the West line of Eighth Street North to the "FII"; Laurel Street from the West line of Seventh Street to the West line of Eighth Street; and Seventh Street from the South line of Front Street to the South line of Laurel Street, and did duly order and advertise for the sale of Re-paving Certificates of Indebtedness of the City of Brainerd in the sum of Fifty-four Thousand Dollars (\$54,000.00) and Permanent Improvement Revolving Fund Bonds of said City in the sum of Thirty-three Thousand Four Hundred Dollars (\$33,400.00) for the payment of the cost of the paving of said streets.

And Whereas no bids were received or accepted by the City Council at the time and place designated for the sale of said bonds and certificates.

Now, Therefore, Be It Resolved by the City Council of the City of Brainerd that the Clerk of said City re-advertise at least two (2) weeks before the date of sale hereinafter specified in the Brainerd Dispatch, a newspaper published in the City of Brainerd, Crow Wing County, Minnesota, and designated by the City Council as the official paper of said City of Brainerd, that bids will be received at the Council Chambers in the City Hall of said City for the purchase of said bonds and certificates on the Twenty-fourth (24th) day of June, 1920, at eight (8) o'clock p. m.; and that said bonds and certificates will be offered for sale at the time and place and on the same terms as set out in the previous notice of sale, which notice of sale shall again be published with the exception of the date of said sale which shall be on the said Twenty-fourth (24th) day of June, 1920, at Eight (8) o'clock p. m.

Adopted 7th day of June, 1920.

FRISCO EXPOSITION SHOWS NEXT WEEK

The most humble purveyors of amusements to the largest tented aggregation of tented wonders that entertains the public are a boon to the troubled minds of the hour when anything that keeps up the spirit serves a useful purpose, said owner Chas. Martin of the Frisco Exposition Shows, which come here for a weeks engagement under the auspices of the Park Board.

The world facing as it does, the tremendous task of building up broken and wrecked countries and fending up the remnants of autocracy against any possible outbreak, must not forget how to laugh. That is why such strenuous efforts were made during the war to give the soldiers amusement even up in front lines wherever practicable he continued. Pres. Wilson set the example when he visited outdoor amusements in Washington for a time forgetting the mighty problems of his office after a few hours of his amusement.

Israel Zanwill wrote during the war that at no other time were amusements so necessary as then. The Frisco Exposition Shows are made up of the best and largest carnival attractions now on the road, and everything has been done by the management to promote wholesome amusement and plenty of it, among the many attractions are, the Wild West show, Dave Jackson's jazzland joymakers, Irene Lackman's Society Horse Show and Circus, Estes Palace of Models and mechanical city, Piggly Wiggly, Auto and motorcycle races in the big Motordrome, A Night in Tokio, Congress of Wonders, Athletic Hippodrome, Coney Island Illusion Show, Marjah the show of mystery, Lutha the four handed man, Over the Waves, The New Whip, big El Ferris Wheel, Aeriel Swings, Beautiful jumping horse carousal and the Childrens dream of Fairyland.

SESEALED BIDS

Notice is hereby given that sealed bids for the purchase of one hundred forty (140) tons of soft coal will be received by the City Council of the City of Brainerd at its chambers in the City Hall in said city on the 24th day of June, 1920 at eight (8) o'clock p. m.

THE BEGINNING
OF A NEW LIFE

Bulgaria and Oriental Europe Produce Sturdiest People

Do you want to feel from 10 to 30 years younger?

Do you want to know the joy of Perfect Health?

You can get back the spirit of youth, your eyes will sparkle with new life and the rich glow of health will replace the faded yellow skin.

Bulgarian Blood Tea, used for centuries in Oriental Europe, is the most remarkable medicinal family preparation known in the world today.

Composed of choice and rare herbs, just

brewed by yourself and taken once or

twice a week, will be the beginning of a new life for you.

Your blood will become rich and pure; the flame of life will be rekindled—no more headaches, biliousness, constipation, indigestion or bone-racking aches or

pains.

Bulgarian Blood Tea is guaranteed to contain just pure herbs of

marvelous medicinal and curative

power gathered from fields, mountains and valleys of Europe, Asia and Africa.

All drug stores now keep Bulgarian Blood Tea in stock, but owing to the enormous demand immediate application to your druggist is urged on account of the limited

source of supply.

Distributors of Bulgarian Blood Tea are authorized to return the full purchase price if it

does not materially improve your

health in three weeks' time.

This evidence of faith in the power of

Bulgarian Blood Tea is the guarantee of

the Marvel Products Co., Marvel

Building, Pittsburgh, who authorize

this public announcement.

Buy Now While Deliveries Are Possible

Buy your Ford car now while deliveries are possible. There is only a limited

specified number of Ford cars allotted to this territory. You will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped us until we have bona-fide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So, don't depend on spring delivery.

Only so many Ford cars will be shipped in to this territory; only so many will be able to get Ford cars. If you would be forehand and plan ahead, you will have us deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

The Ford is an all year utility—in your home or business. Its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you the year around. Spring and summer, autumn and winter, it is your servant; always ready to do your bidding.

THE UNIVERSAL CAR

FRINGE OF TORNADO HERE

Strikes Brainerd at 8 Tuesday Evening, Levels Fine Shade Trees in Residence Section

MANY STACKS BLOWN DOWN

Roofs Torn from Pattern Shop, Planing Mill, Round House at the N. P. Shops

At 8 Tuesday evening the fringe of the tornado hit Brainerd with a roar like a freight train. Some rain fell and sections reported heavy hail.

Hundreds of shade trees were uprooted and broken. At the Northern Pacific railway shops the big steel stack went down, roofs were blown off the round house and pattern shop. At the Northern Pacific hospital the stack of the power station blew down. The stack of the Joncas sawmill was blown down.

At the First Presbyterian church the brick chimney crashed through the roof. A section of the Stallbauer garage roof was lifted, and a wall section of the Hartel blacksmith shop blown in. The west brick wall of the New Park theatre was damaged, staging at the new water tower and at the court house torn down, tiling blown out of the new Northern Pacific depot.

Electric signs of the Ideal hotel, roof sign of the Ransford hotel, billboards, etc., were blown down. Plate glass crashed to pieces at the gas company, McColl's, Hotel Harrison, Brainerd State bank. The roof of the Koering garage was blown off.

Two box cars were blown down on the N. P. track from the tie plant and did some damage.

At Staples the roof was blown off the round house.

At Dilworth roof of water tank blown off.

Western Union and Minnesota & International railway wires are down in sections.

It is reported that at Sylvan west of Brainerd a family met death in the storm.

No injuries or fatalities are reported in Brainerd.

Odd Stories of the Wind

At the home of Paul E. Bahr, 708 South Third street, a barn 18 by 30 feet in size on cement foundation was blown to pieces and the roof blown bodily over Mr. Bahr's cottage and lodged in a neighbor's yard on 4th street. In making the flight over Bahr's house the barn roof just nicked a chimney.

Trees at the court house, the pride of the city, are badly damaged.

Damage to the cable lines of the Northwestern Telephone Exchange Co. is heavy.

Had there been a prayer meeting in the First Presbyterian church, there would have been a big loss of life for the brick chimney collapsed and tore through roof and ceiling and a pile of brick landed in the center of the church floor.

A lot of fencing blew down at the Koering baseball field. The grandstand held up intact.

The roof was blown off the company barn of The Northwest Paper Co.

When the blow first started Sam Alderman had his automobile near Garvey's restaurant and it was blown down the street and hit the bus at the Elite cafe. When Mr. Alderman left the restaurant he climbed in a car which he supposed to be his own, but which belonged to some one else. He found his later down the street.

The north side looks as though some one was logging on Kingwood, Fourth, Fifth and Sixth streets. Trees are down crisscross over the streets.

Much timber was blown down west of Brainerd.

Derwood missed the storm entirely. No damage whatever is reported from there.

At Carl Schomaker, 618 South Sixth street, it lifted the garage over the house and telephone wires and landed in Wise's lot across the street. The Ford car was turned upside down, broke windshield and part of top. Mr. Schomaker and family took refuge in the cellar.

Light and water were off during the storm, but the gas supply continued without interruption.

Clarence Grant and Clarence Smiley were fishing at Boom lake when the storm broke. They took refuge

NO LIGHTS IN THE RESIDENCES

There may not be any light for the residence sections tonight and people should be prepared for it. The water and light board has double crews at work on line trouble and wreckage and is doing the best to meet the situation.

The storm did not touch South Long Lake township, but they could see the dark clouds over Brainerd.

Immense hail stones fell near the brewery. There was some lightning, and considerable rainfall.

The new garage built just north of Shoemaker, brand new lumber, was smashed to pieces.

The brick chimney toppled over at the Spalding building and sagged in the roof.

At Bemidji there was considerable rain and a slight wind.

Considerable damage was done to M & I telegraph lines. Crews are making repairs.

The big chimney on the home of Dr. Walter Courtney was torn down by the wind. One on the roof of Nell O'Brien's house suffered the same fate. Many chimneys are down in Northeast Brainerd.

Two awnings were torn off Culver's store, corner Front and Seventh streets.

There was no storm at Merrifield, said W. E. Brockway.

At Parkerville a boat was lifted from the dock and thrown over a barn.

Two plate glass windows were broken at the Brainerd State bank. Loss was covered by tornado and plate glass insurance.

The stack of the Brainerd Model laundry blew down and a blower is being used today to stir up enough draft.

Four tornado losses were reported to John H. Krekelberg, agent, early this morning.

John H. Krekelberg's house is being remodeled and stands three feet high on stilts. The storm never stirred it off the jacks.

No damage was done at Gull Lake or South Long Lake. Damage done by the storm, said Wm. V. Turcotte, began at a point five miles west of Brainerd.

Charles Krech drove to town early, expecting to help Brainerd dig out from under. From the outside it looked as though all Brainerd was to be made desolate.

The only loss reported by L. R. Tanner, of the Tanner Mill Co. A fat chicken in his yard was hit on the head by a flying board and could not survive the blow.

At Grey Eagle, summer resort near Little Falls, it is reported many summer cottages were blown into the lake.

Elk River faced terrific lightning, said the conductor of the night train. Otto Zura, driving from Gull Lake in his new Pan car, was tipped over three times and thrown forty feet, said a friend, without breaking his eye glasses.

At Rice's sand blew in clouds.

An auto driver took refuge in a farmer's barn near Rice and the old man turned to his Hick's almanac and said: "Well, this storm wasn't due until tomorrow."

A car tore lose from near the tie plant, ran through the N. P. yards and bumped an engine, knocking the headlight and pilot off the engine.

The big stack at the shops boiler room was laid low. The brick stack and the blacksmith stack weathered the storm.

The roof of the pattern shop was scooped off and valuable master patterns were scattered and broken. O. W. Swanson had his tool box smashed in.

"A man won't be able to sell cordwood for the next three years," said Wm. V. Turcotte, discussing the damage done.

At the gas plant one stack was moved and a window blown out.

A. M. Larson's home lost a big chimney.

At the tie plant sheet iron was blown off the roof.

Andrew Johnson of 1903 Fourth Ave., N. E., lost two chimneys.

P. G. Anderson lost a chimney.

"Trees were the salvation of Brainerd," said Billy Thomas, the tree man. "The wind took the trees up by the roots and didn't touch the houses."

At the court house one of the ginger bread ornamentals of the roof was torn down.

Some 22 years ago Brainerd had a tornado which destroyed the pine in Gregory park. It did not do as much damage as the storm of Tuesday night.

There was no damage done at Iron-ton. There was some wind and rain there.

At Motley the telephone office was smashed, the operator only quitting her post when brick bats commenced to fly through the roof. The theatre

NEW MOTOR BOAT

W. H. Gruenhagen and W. D. Stewart of St. Paul interested in New Pleasure Craft

W. H. Gruenhagen, secretary and treasurer of the Gruenhagen Co., and W. D. Stewart of St. Paul are interested in a new motor boat for Gull lake which came through the city Saturday morning. The auto truck of Mr. Stewart and four of his men including a mechanic came up with an extra car leaving the Twin Cities at the Midway at 4 o'clock Friday afternoon. On account of the heavy rains and the many places where roads are being rebuilt, progress was necessarily slow and they arrived at the Gruenhagen Co. store about 7:30 o'clock.

The motor boat is 27 feet long with two cylinder four cycle Capital marine engine designed on the racing type for family use. Mr. Stewart, who is building a new cottage at Gull lake that is completely furnished by the Gruenhagen Co., expects to get considerable sport out of this boat with Mr. Gruenhagen this summer and unless something unforeseen happens, many of their friends may expect a ride at no less than 20 miles and not more than 60 miles an hour.

There seems to be considerable argument between Mr. Gruenhagen and the Dispatch people as to the speed

which may be gained by "stepping on

her", and it will all be settled by racing on the boat.

FINE MEMORIAL TO SOLDIER DEAD

ARLINGTON AMPHITHEATER IS
THE RESULT OF A LONG
CAMPAIGN BY G. A. R.

WAS ERECTED BY CONGRESS

Eighty-Four Other National Cemeteries Are Maintained by the United States, of Which Gettysburg, Was the First Established.

By JAMES P. HORNADAY.

Washington.—The dedication the other day of the memorial amphitheater in the Arlington national cemetery across the Potomac from this city recalls to mind that no other nation takes as much pride in the burial places of its soldier dead as does the United States. The completion and dedication of this particular memorial brings to an end a campaign which the Grand Army of the Republic started many years ago. That organization insisted that congress should make provision for at least one expensive memorial to the soldiers buried in national cemeteries, and it suggested that the memorial be placed in Arlington cemetery. More than two thousand bodies of unidentified soldiers, men who served in the Union army during the Civil war, are buried in one tomb in this cemetery.

The memorial is in the form of a large open amphitheater. It will be used in the observance of Memorial day as long as the living shall remember the deeds of heroism of the dead. Unfortunately the question has arisen since the dedication of the memorial as to whether the names of men who served in the Confederate army are to be inscribed on its walls along with the men who served in the Union army. Arlington cemetery was, of course, established as a burying place for soldiers who served in the northern army, but for a great many years it has served as a resting place for men of the regular army of the country. This means, of course, that a large number of men of southern birth are buried there. This question as to whether the men who served in the Confederate army are to have recognition in the memorial has been submitted to congress. For the time being it is with the committee on library of the senate. It is doubtful, however, if any definite decision is ever reached. The disposition all around seems to be to prevent any further controversy by doing nothing.

Other National Cemeteries.

The United States now maintains 84 other national cemeteries. These cemeteries were established by act of the Thirty-seventh congress, in May, 1862. This act gave the "president power to purchase cemetery grounds to be used as a national cemetery for soldiers who shall die in the service of the country," whenever in his opinion it should be necessary. On July 25, 1863, the first appropriation of \$50,000 for purchase of cemetery sites was made.

In the second session of the Forty-second congress, the secretary of war was empowered to select superintendents of national cemeteries, "from meritorious and trustworthy soldiers, either commissioned officers or enlisted men." At the time of the establishment of national cemeteries, it was established also that all those buried there should have an honorable discharge from the service of the United States.

Gettysburg was the first national cemetery. It was established in 1863, and dedicated by President Lincoln in his immortal address, now a classic. The governors of the states whose soldier dead lie in Gettysburg purchased the land and gave it to Pennsylvania. In turn the government took it over in 1870.

How Arlington Was Established.

Arlington national cemetery was established May 13, 1864. Over 8,000 soldiers who had died in and around Washington had filled the soldiers' home cemetery here. Lincoln had started out on that morning to visit the various hospitals and speak a cheering word to his "boys." Arlington at that time was one vast hospital. When the president and Quartermaster General Meigs reached Arlington, just at sunset, twelve bodies were awaiting burial. Quartermaster General Meigs, in desperation, and with the consent of the president, ordered the bodies buried on the Arlington estate. So Arlington became the second national cemetery.

Arlington cemetery has a historical story behind it. When the Civil war came on Robert E. Lee, who afterward became the head of the Confederate army, was living in a mansion on the tract of land. The house he occupied is still standing. It overlooks the Potomac and the entire city of Washington which lies in a valley. The land belonged to Lee's wife, who had inherited it. It is recalled by the historians that when the time came for Lee to choose between the North and the South, he spent many days on the brow of the hill from which he had a good view of the capital of his country before he finally made up his mind to go with the state of Virginia which had seceded.

A memorial to Confederate soldiers has also been erected in Arlington cemetery. This was done by order of congress. It was in 1912 that the Grand Army of the Republic first went to congress with a request that a great memorial amphitheater be erected in the cemetery.

Making the Desert oil.
An ingenious method which a thoughtful wife invented to keep her good man cool is described in Travel. She sent down from town "a quantity of canvas or burlap, which was to be strung on wires along the windward side of the veranda. The poor, panting man was to take his seat there, lightly arrayed, and spray water on the screen with a hose. The resulting evaporation would temper the breeze to a fair degree of comfort." The burlap-and-hose combination, it seems, plays a prominent part in California desert household economy.

Scant Comfort.

One positive service performed by visiting wife's relatives is eating so much that there aren't so many leftovers for next day.—Ohio State Journal.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the mucous surfaces, expelling the poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials from the Blood and healing the diseased portions.

Powerful Pile Puller.
Featured by a cylinder containing a piston with a lifting force of eight tons, hydraulic apparatus has been invented for pulling up piling even from deep water.

Couldn't Get the Idea.
Elmer's father had purchased a hunting dog which he called a setter, and the boy was greatly interested in it. After a few days of observation, however, he announced: "I don't see why you call him a setter. He never sits; he's always either standing or on the run."

How to Destroy a Good Disposition.
Disposition. If the world looks dark and blue, if you are generally "out of sorts" and feel stuffed up and uncomfortable, just take a Foley Cathartic Tablet. Relieves mean headaches, biliousness, blotting sour stomach, constipation and ills that follow disordered digestion. H. P. Dunn.
